

## GT-4009 Series Hub Caps 380 Aluminum Alloy

G - Dirt exclusion grease hub cap  
S - Side fill for oil  
H- Hubodometer with side fill  
K- Includes gasket

Part Number	Size	Gasket	Window Kit	Replaces		
 <b>GT-4009</b> Standard hub cap without side fill *Does not Include gasket  <b>GT-4009K</b> Standard hub cap without side fill *Includes gasket	<ul style="list-style-type: none"> <li>• NO.  <b>GT-4009G</b> Dirt exclusion grease hub cap *Does not include gasket				<b>GT-4006</b>	GT-4000	STEMCO 342-4009
 <b>GT-4009S</b> Standard hub cap with side fill *Does not include gasket  <b>GT-4009SK</b> Standard hub cap with side fill *Includes Gasket				<b>GT-4006</b>	GT-4003	STEMCO 343-4009
 <b>GT-4009H</b> Hubodometer hub cap with side fill *Does not include gasket				<b>GT-4006</b>	GT-4002	STEMCO 347-4009

**Test Procedure:** Sample preparation and chemical analysis were conducted in accordance with standard laboratory procedures. Hardness testing was conducted in accordance with ASTM E18-03.

Flatness: 0.00163  
Number of points 14

All Globtech Hub Caps  
test less than .002  
flatness

**Test Results:**

Chemical Analysis (percentage)	
Manganese	0.16
Silicon	8.68
Nickel	0.08
Chromium	0.04
Copper	3.06
Aluminum	0.04
Magnesium	0.07
Iron	1.06
Titanium	0.03
Zinc	1.18
Tin	0.02
Material Included:	380 Aluminum Alloy
Mechanical Properties	
Hardness	HRB 45

**Globetech's** standard hub caps are die-cast from a 380 aluminum alloy. They resist cracking, warping and breaking in any conditions.

- Each hub cap is individually poly-bagged.
- Vent plug is molded in a nitrile rubber.
- Dow Corning CALIBRE lens, UV-stabilized.

G - Dirt exclusion grease hub cap

S - Side fill for oil

H- Hubodometer with side fill

K- Includes gasket
